

# We Can Help

The Office of Equal Opportunity, Accessibility, and Title IX (EOATIX) can provide supportive measures and resources even if you choose not to report an incident.

All members of the Dartmouth community who have experienced gender or sex-based harassment, discrimination, or violence, including students, faculty, and staff, have access to supportive measures through the EOATIX office. Starting the conversation with us allows us to provide you with resources, but does not require you to take any action.

## Just a few of the ways we can help include...

Connecting you with **confidential support services**, such as the WISE Campus Advocate, Tucker Center, and other resources

Facilitating access to **medical and mental health services**, including counseling and sexual assault forensic exams

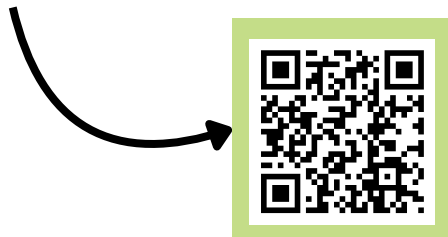

Coordinating with professors or employers on your behalf to facilitate **academic support**, **schedule changes**, or **job assignment changes**

Coordinating access to **financial aid, your assigned Dean, or OVIS**

Assisting with arranging **housing changes**

Issuing a **“No Contact Order”**
